

Spruce Ornamental™

A popular, high-performance mulch suitable for a wide range of garden and professional landscape applications, including prestigious sites, car parks, superstores, business parks, tubs, planters and window boxes.

Product Description

- Nominal particle size range 5 to 35mm
 - Naturally acidic
 - Easy to handle
 - Dark brown in colour
 - Long effective service life of 2 years plus
 - Fire resistant characteristics, confirmed by testing in accordance with BS 4790:1987, make Melcourt Spruce Ornamental particularly useful in areas of potential fire risk, e.g. car parks, vehicle fuel filling stations, adjacent to offices and pedestrian walk ways, housing estates etc
- Processed from natural, sustainably produced mixed conifer bark
- RHS endorsed (when sold in 60 litre bags)
- Certified by the Forest Stewardship Council® (FSC®)*
- 100% peat free
- Hostile living environment for pests
- Available in 60 litre packs, bulk bags and loose bulk
- This product is from FSC MIX Sources at a minimum of 70%, FSC certificate number CU-COC-806457.
 - * Product sold in loose bulk is FSC certified by special request only

How To Use

- Ensure the area to be mulched is entirely free from both annual and perennial weeds
- Lay Melcourt Spruce Ornamental evenly onto freshly cultivated moist soil, after planting has been completed.
- The mulch should be laid at between 75 to 100mm depths, allowing at least 10-15% for settlement
- For greatest longevity, do not disturb once applied.

Other Advice

- Use in a ventilated place and avoid breathing in dust.
- Always wear gloves when gardening and wash hands after use.
- Close bag after use to avoid drying out and to prevent contamination.
- Store in cool, dry conditions.

Plastics

The Spruce Ornamental polythene packaging has been manufactured using at least 30% post consumer waste plastic. We are working with our suppliers to increase this level as quickly as we can. The bag is 100% recyclable but check regionally for local recycling

options.

Specification

Main constituent	Coniferous bark
Origin	British
Nominal Particle Size	5 - 35 mm
pH	4.5 - 5.5
Bulk Density	280 - 350 g/l
Durability	2+ years
Fire tested to BS 4790	Yes

Product & Barcodes

Bag Size	60 litres
Product Code	5065
Bags per Pallet	50
Pack Weight	19-20kg
Barcode Number	5060157810681

Volume Calculator

Please note that the calculator is for general guidance only.

We suggest allowing approximately 10% for product settlement (15% if using Softfall™).

** All values given in the Specifications table are typical. However, some variation may occur from time to time. Melcourt Industries Ltd reserves the right to alter the specification without notice, for the purpose of product improvement.*
