SUPPLYING YOUR GROWING NEEDS

## Potato Price List 2022/2023

Jamieson Brothers' Scottish Seed Potatoes are free from defects and diseases such as leaf roll, severe mosaic, total virus, mild mosaic, and blackleg. Growing crops are monitored throughout the growing season and are officially inspected at least twice for virus diseases, blackleg and varietal purity. Crops are examined for aphids and, if an aphid threshold is exceeded are subject to post-harvest tuber testing. All consignments of tubers are officially inspected for rots, blemishes and defects.
